The clan Guiangs behind this paper are the proud direct descendants of DON MARTIN GUIANG, founder of the town of Paoay, Ilocos Norte and first chief executive of Paoay town (1701-1704).

Guest Editorial:

We are living in a dangerous world

We are living these days in a dangerous world with some potential flash points that could trigger World War 3 (WW3) looming in the horizon.

If WW3 breaks out, the doomsday scenario would be: Planet Earth would be scorched and burned in a nuclear holocaust.

Following are some of the conflicts considered by military experts as potential flash points for another world war.

1. Russia-Ukraine conflict. The war between Russia, alongside Russian-backed separatists, and Ukraine began in February 2014. Following Ukraine's Revolution of Dignity, Russia annexed Crimea and supported pro-Russian separatists fighting the Ukrainian military in the Donbas war. In February 2022, Russia launched a fullscale invasion of Ukraine.

2. Iran-US/Israel conflict. Iran has clearly stated that it wants to destroy Israel. This could certainly trigger WW3.

3. Yemen civil war. It is the greatest human rights crisis millions of people have already lost their lives. The civil war could expand to Saudi and UAE.

4. The Kashmir conflict. This is one of the oldest conflicts between India and Pakistan. India could try to take its land back from the Pakistanis.

5. North Korea crisis. With the growing capability of the North Korea nuclear program and the complete failure of US sanctions, North Korea is definitely a destabilizing force in East-Asia.

6. China-Taiwan conflict. With the unfinished Chinese

Some silly jokes about getting old

Thanksgiving Day for seniors like me is a reminder that the clock continues to chime, but it should not be a reason for us to complain about the changes taking place in ourselves as a result of aging.

Come to think about it, getting old is better than the alternative -- which is to die young.

We may not like the fact that our skin is destined to lose its fight with gravity, but there's nothing we can do to enable us to defy the law of gravity. In such a hopeless situation, we may just as well laugh about it.

In Tagalog, "tawanan ang problema," not the other way around: "Tinatawanan ka ng problema."

And there are many silly jokes that poke fun at the inevitable things old people are facing:

1. What's the secret to having a smoking hot body as a senior? Cremation.

2. What is a prize old people can win for aging? Atrophy. 3. I used to know a couple who grew fruit trees together. They lived

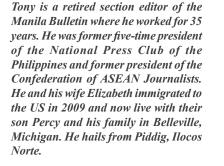

to a ripe old age.

4. What's the best part of old age? That it doesn't last very long.

5. These are not gray hairs! They are wisdom highlights.

6. Which underwear brand do seniors love best? It Depends.

7. Old age makes us great multitaskers. Why? I can sneeze and pee at the same time.

8. One benefit of old age is that your secrets are always safe with your friends ... because they can't remember them.

9. Age is an issue of mind over matter. If you don't mind getting older, then it really doesn't matter.

10. Why do old people love English muffins so much? All the nooks and grannies.

11. Stop thinking of them as "hot flashes." Think of them as your inner child playing with matches.

12. The moon is like dentures. Why? Both come out at night.

13. Now that I've gotten older, everything's finally starting to click for me. My knees, my back, my neck ...

14. I've decided: Whatever age I am is the new 30!

15. What goes up but never comes

down? Your age.

16. I called the incontinence hotline recently. They asked if I could hold.

17. Mang Pedro went to his doctor, complaining he has an impaired hearing. He said, "Doc, I cannot hear well anymore. Even when I fart, I could hardly hear it." The doctor gave him a medicine, saying take it once a day. "Will this improve my hearing?" Mang Pedro asked. "No," the doctor said, "it will make the sound of your

(Pls. turn to page 3)

WHY RESEARCH IS IMPORTANT

I have been a teacher for 16 years now and counting. Although there was one period in my life in which I sacrificed my teaching career to take care of my grandmother. At that time, I had just arrived from the United States and I was dead set there are some teachers who shy away from doing on continuing my MA there after several months research for fear of rejection (I was once like that, (however, I decided to finish my MA here in the to be honest) and ridicule from fellow academics. Philippines). During the time I was not teaching, I felt deeply insecure because I temporarily stopped doing research and vice versa. Focusing on the first two years, I had to focus on my sick grandmother; I am not complaining 500%, but I felt that a part of me was missing. To be honest, such was my time for introspection and selflessness, which I do not regret to this day. Despite my insecurities as a researcher, I was able to present many of my works though only two of these so far have been published (I have been rejected numerous times, what the heck). Digressing on the topic of the importance of research among teachers and other professionals, it is befitting for every teacher to dive into research. However, there are several factors behind teachers' lack of initiative to conduct research. First of all, there is the deluge of administrative

THE ILCOCANO EDUCATOR by Eduardo Teodoro "Jet" B. Ramos, Jr., MAELED, L'PT is the corporate communications associate of MFI Polytechnic Institute, Inc. and the training manager and partner of JFE Teacher Training and Development Services. He is also a founding member, the publicity and communications head, and a member of the board of trustees of Philippines. Apart from being a teacher for 13 years now, he is a character actor, inspirational speaker, corporate trainer, researcher in linguistics, and a media practitioner, being the host of VOICE OF THE TEACHERS RADIO (airing on Sundays from 100 to 2:00 PM over DWDD 1134 AM). > works prevalent especially in public schools under the administration of Department of Education. Moreover, there are still many teachers who lack ideas in terms of topics for research. In addition, It is about time that teachers be freed from the burdens of clerical work and instead focus on teaching and on research. Without research, how could teachers even improve their teaching practices? What was prevalent and acceptable in terms of teaching practices before cannot always be apropos today because we have a generation that is entirely new and almost entirely hooked on technology. Furthermore, teachers (and other professionals) are supposed to contribute to the ever-growing bodies of knowledge in order to make life easier and the world more comprehensible. Why is research important in teachers' lives? First of all, teachers cannot be effective if they teach only the ideas that exist; in this case, teachers become mere sharers of ideas and not innovators. Another reason is that teachers are expected to progress, not regress, by discovering new ideas (Pls. turn to page 3)

civil war, this conflict goes back to the rise of China as it wants to reclaim Taiwan and capture its semiconductor industry.

7. Conflict between Israel and its Arabic neighbors. Israel has started collaborating with its Islamic neighbors, but terrorist organizations like Hezbollah and Hamas are active there, and that's why it is a major conflict in the Middle East.

8. Disputed territories of China and India. With India as another Asian giant that threatens China's hegemony, the situation could spark a conflict. With US protection for Taiwan, China could try some misadventures with India.

9. NATO-Russia dispute. This is a very scary conflict as it could easily turn out of control and start WW3 which could result in a nuclear holocaust. It is indeed an scary world as the potential causes of a nuclear apoclaypse are real, not just a figment of the imagination. (Source: FilStar News)

DILG cites PGIN for its outstanding role in anti-drug war in Ilocos Norte

The Provincial Government of Ilocos Norte was bestowed with the Outstanding Anti-drug Abuse Council Award during the Department of Interior and Local 2023 Government's Drug Prevention and Control Week celebration capped with the Regional Awarding ceremony held in San Fernando City, La Union on November 24, 2023.

The celebration was an annual event of DILG to promote public awareness against the harmful effects of illegal drugs.

PGIN, under the leadership of Governor Matthew Marcos Manotoc, has been committed to supporting the Philippine Police National and DILG in eradicating the provincewide through drug-clearing activities.

"Alam po natin na dito sa Ilocos Norte, hindi malaking problema ang droga but we know that this problem cannot be taken lightly," Gov. Marcos Manotoc remarked during the conduct of PNP's Barangay "Sustained Drug-Clearing Program Buhay Ingatan Droga'y Ayawan" held at the Ilocos Norte Centennial Arena in Laoag City.

"We have to stay on top of our communities and make sure na talagang tutukan ang problemang ito," he added.

At 12 least municipalities of Ilocos already Norte were declared drug-free with the towns of Nueva Era, Paoay, and Pinili on the new list.

Meanwhile, Engr. prohibited drug problem Pedro S. Agcaoili, Jr., the PGIN's Provincial Planning Development

Officer, urged collective efforts by saying:

"Kailangan po magtulungan ang mga barangay, munisipiyo, ang Provincial Government, PDEA, PNP, at DILG para tuluyan po nating mapuksa ang problema sa droga dito sa ating probinsya."

"Nananawagan din ako sa ating mga kakailian (provincemates) na tulungan ang ating

The Ilocano.....(page 2)

and testing them to see if these can be fine-tuned and then institutionalized on a wider scale. Furthermore, curiosity breeds knowledge and eventually leads to innovation and then wisdom. A more compelling reason why teachers must conduct research is that they can become more credible and more authoritative in their respective fields and such goes for other professionals. Finally, research helps us teachers and other professionals to make a huge impact in our respective fields of endeavor through a nobler raison d'etre.

If only DepEd and CHED would heed the call of the people to lessen teachers' burdens and encourage them to get into research, there would be many teachers who would find the initiative to do research not out of the desire to comply with institutional requirements but out of the sheer love for research and teaching. *******

NALAING, KABSAT!

GUESS WHAT, GUESS WHO!

GUESS WHAT: Not paying their faculty members and staffs on time is the travesty (major travesty, mind you) of these two public universities in a major Metro Manila city. My source, a part-time faculty member of the two institutions in question, told me that it has been the practice of the two schools (one of them a city university, unfortunately) to delay the issuance of their faculty members' salaries. Another sickening sight is the prevalence of office politics. Que barbaridad!

What are the lessons of the story? First, pay your employees and they will be happy. Second, avoid office politics because it's more lethal than arsenic. Third, fight for your rights as an employee. Lastly, never turn a blind eye on the immoralities within your institution.

GUESS WHO: Who is this top-tier university/ college executive who turned out to be as petulant as a 15-year-old? My sources, several faculty members who met our subject at a meeting, witnessed how our subject would seemingly throw tantrums and resort to hysterics and theatrics. As a result, our subject is secretly the laughingstock of not a few members of the educational institution s/he is leading. What is more kadiri to death is that our subject is secretly boastful of his/her academic credentials and titles. What are the lessons of the story? First, be direct with what you want to say. Second, be calm and composed as much as possible. Third, never resort to blaming and beating around the bush because these will get you nowhere. Finally, never flaunt your titles and credentials because these are only temporal. ****** If you have suggestions in terms of the educationrelated topics that you want me to feature, please feel free to send me an email to edteo.ramos@yahoo.com or to coachjet.inspirations@gmail.com. Top.....(page 1)

as a result of its exceptional collective efforts in delivering public services.

On the other hand, the Municipal Governments of Sarrat, Solsona, and Dumalneg, all in Ilocos Norte, were also awarded Top-performing LGUs under the municipal category, and the City Government of Laoag under the city category.

DILG Undersecretary Marlo L. Iringan lauded the awardees saying:

"Your hard work and dedication have made this recognition program the best example of the positive impact that can be achieved when we work together.

"Let this ceremony be a testament to the power of having good, honest, committed people and

in the government. Now, more than ever, with the challenges that people face, the principles of transparency, accountability, and responsibility are not mere advocacies. May your commitment, passion, and dedication continue to illuminate the path to a future where every citizen is an active participant in the journey of good governance."

Governor Matthew Marcos Manotoc said the PGIN would continue to pursue good governance, transparency, and inclusive development through the implementation of programs and initiatives for the benefit of the Ilocano community. -(Allyssa Charisse G. Magno/ PGIN-CMO)

Rice Research Institute, the use of advanced which highlights the need to educate farmers to create prosperous rice on modern technologies suitable for integration into their everyday work," Laurel said in representing President Marcos as the Guest of Honor and Keynote Speaker at the opening of the 35th National Rice R4D Conference at the DA-PhilRice Central Experiment Station in Muñoz, Nueva Ecija on against illegal activities in Wednesday. "Rest assured that the government shall continue to give primacy to research and development to ensure a sustainable rice value chain. We will also continue to support the initiatives undertaken by the PhilRice in introducing modern agricultural biotechnology to improve rice production." This year's National Rice Research for Development (R4D) Conference bears the theme "Better Rice Communities", aligned with the new strategic plan of the Philippine Rice Research Institute (PhilRice) for 2023-2028.

science and technology communities, focusing improving their on productivity, profitability, and well-being.

In his message, the President said the administration will continue to provide adequate attention and support to other agricultural products, along with enforcing laws the sector. "While rice is the country's staple food, other equally important sectors such as livestock, poultry, fisheries and high value crops shall also continue receive adequate to attention and support from the government to maintain the availability, accessibility, and affordability of food for our consumers," Marcos said.

Selected officers of PALELES and a few faculty members of PNU-Manila pay a courtesy call to San Luis, Batangas Mayor Oscarlito Hernandez. Photograph courtesy of Mr. Jade Berosil, PALELES president.

The Ilocano Educator would like to congratulate the graduate student organizations of Philippine Normal University – Manila campus, particularly the PNU-Applied Linguistics and Language Education Society (PALELES), for their successful extension program tour at Banoyo Integrated National High School (BINHS) in San Luis, Batangas. The event was held last November 30. PALELES is headed by its president: doctoral student Mr. Jade Berosil, who is an applied linguistics major. Among the faculty members who accompanied the graduate students were Dr. Jhoana Marie Acuña, Dr. Rodrigo Abenes, and Dr. Arceli Amarles.

"Also, in collaboration with relevant law enforcement agencies, we will continue to give priority combating illegal to activities that involve our agricultural produce," he The plan emphasizes added. PND
